# CAMP DAVID INC.

## HAPPY LABOR DAY

A special thanks to all the members that attended our big 4th of July, 10th anniversary weekend. For some strange reason most seem to take great joy in dunking the owner in the dunk tank.....

During your next trip here you may notice that it is eerily quiet. That's because the Humane Society that was located directly in back of the campground moved to Sumter County. No more dogs barking. We do have great neighbors so please do not speed or litter along the way here. With all the heavy rains there has been times when the road was a mess but for the most part it stayed in good shape. It is much easier to maintain so you should notice the

difference. Since our store prices are so low several have asked if they can come in just to make a purchase or two and leave with out having to pay for a day pass. The answer is yes. Just let us know at the front gate and you can drive right up to the office. Check out our new Camp David Tee shirts, caps and mugs.

As Labor Day approaches I can not help but think of all the many members that have worked so hard to make this campground the great place that it is. Because of your input and help this place has come a long ways since I took over 5 years ago. New members continue to join and this place continues to get better all the time.

We are currently in the process of fixing up the patio area. If it gets cold enough this winter we hope to have some bonfires. Next years project will be to tackle the inside lake and make it more attractive with a larger fountain and less vegetation.

We do have a site available for Labor Day. Call now if you interested.

Have a safe and fun filled weekend

## WE ARE NOW CORN HOLING

Hopefully by Labor Day weekend we will be Corn Holing here at Camp David. Thank you to David, Glenn and Teeed for their help in getting this started. Come check it out.

Get your Halloween costumes ready as we will be

having a contest on Saturday October 30th. This is one of our most popular events so make your reservations early. We have had a couple of snow birds cancel their reservations for this winter so if your interested contact the office.

The whole campground has free wi fi. It is a secure system so you will need to get the code from the office.
